

## Project Overview

As of May 3, 2013

## Milo-Grogan Roadway Improvements

Fifth Avenue at Cleveland Avenue

**Description and Benefits:** Project involves removing existing sidewalks and curbs on both sides of Fifth Avenue and a portion of Cleveland Avenue. This plan will construct new curbs, sidewalks, curb ramps, realign the intersection of Fifth & Cleveland avenues and improve drainage. Additional streetscape improvements will include new lighting and street trees.

### Schedule:

Design of the project extended due to increased scope of proposed work. Design anticipated to be complete in fall of 2013. Construction anticipated to begin in spring of 2014.

### Costs:

Estimated project cost: \$7 million

### Contact Information:

Project Manager for Design: Jamie Gordon, tel. (614) 645-6068  
Designer: Dynotec, Inc./EMH&T  
Contractor: TBD.
